COMPUTER STORAGE LOCKERS FOR BEACHES, FESTIVALS AND TOURIST CITIES

The equipment has certificates
Certificate CE: 171299008
Certificate UA: 1.001.012622-16
Certificate RU: Д-UA.AB45.B.78471

PRINCIPLE OF WORK AND PLACE OF INSTALLATION

Computer storage lockers - fully automated equipment that provides a range of services:

- safety of belongings;
- charging mobile devices;
- handing over keys of apartments;
- taxi call and escort;
- advertising your own and third-party services.

With the help of automatic computer lockers, the owner receives:

- ✓ Organizing your own business in a convenient location;
- ✓ Payback of the project from 3 months to 1 year;
- ✓ High passive income 24/7;
- ✓ The whole complex of demanded services;
- ✓ Minimum time of participating in the project.

Recommended locations for installing the equipment:

- ✓ Beaches and festivals;
- ✓ Centers of tourist cities;
- ✓ Pools, water parks;
- ✓ Ski resorts;
- ✓ Shopping and entertainment complexes.

To organize your own business, you need:

1. Determine the place of installation;
 2. We will help you find the optimal number of cells and the correct configuration;
 3. Produce and deliver in the shortest possible time the equipment;
 4. We will launch and train for work with the equipment;
 5. Free of charge we will provide business manuals;
 6. Provide technical support 24/7.
